# Non-binding Poll 1: Holding CVPR 2021 in Toronto

## **Non-binding Poll #1: Holding CVPR 2021 in Toronto**

The reason for the location of CVPR 2021 being tentative is two-fold. First, there are potential issues for non-U.S. students at U.S. universities being able to attend and re-enter the U.S., particularly given current U.S. immigration policy. Second, later this year at ICCV we will vote on where to hold ICCV 2021, which by traditional geographic rotation should be somewhere in the Americas. It is possible that ICCV 2021 may end up in Canada, in which case the CVPR 2021 team plans to relocate the meeting to somewhere in the eastern U.S. Which of the following options do you prefer for CVPR 2021?

- I prefer Toronto, regardless of where ICCV 2021 is held.
- I prefer Toronto, unless ICCV 2021 is held in Canada.
- I prefer an Eastern U.S. city, regardless of where ICCV 2021 is held.
- I have no preference.

I prefer Toronto, regardless of where ICCV 2021 is held: 129

I prefer an Eastern U.S. city, regardless of where ICCV 2021 is held: 129

I prefer Toronto, unless ICCV 2021 is held in Canada: 109

I have no preference: 67
